

WORKSHOP Meeting - 9 HOURS

Meeting in the silence

Advanced level (from 5y sp)

(workshop in Spanish with translator)

Come and meet new scene partners you don't know, from different places and ways of improvising.

In these meetings we will share scenes in which, without words and despite not knowing each other, you can create fantastic and surprising situations.

We will work with silence and learn how important it is for measuring the words we use in an improvisation, also how important the moments are when we don't need to use words. We will meet and discover, together with our partners on stage, when it is not necessary to speak. Together we tell more with silence, with looks and with behaviors, than with words.

We will develop some tools to achieve this, we will work with the here and now more than ever. We will listen to our body language and value everything we do when we are not speaking.

Let's meet in the same common language and share these days together having fun with silence!
